## EVO-CHLORGARD CHLORINATED FOAM CLEANER

**HAZARDOUS**  
MEDIUM DUTY

### PRODUCT DESCRIPTION:

**Evo-Chlorgard** is a high foaming chlorinated detergent formulated for open plant cleaning in all food processing facilities.

### FEATURES:

**Evo-Chlorgard** is an effective hard surface cleaner which rapidly removes fat, grease and protein build-up. While the chlorine aids in the control of mould and bacteria growth, the special blend of surfactants provides long-lasting and stable foam.

### BENEFITS:

- Chlorine works rapidly to break down proteinaceous soiling.
- Highly effective, leaving surfaces clean and streak free.
- Effective in all water conditions.
- Quick and effective in the removal of heavy soils.

### DIRECTIONS FOR USE:

Apply diluted product to surface.

Allow product to remain in contact with the surface for approximately 5 minutes.

Assist cleaning action with manual scrubbing.

Rinse thoroughly with potable water.

### DILUTION RATE:

Use **Evo-Chlorgard** at concentrations between 2-5% (20 mL/L – 50 mL/L)

For manual cleaning, use @ 1 – 5% dilution

For foam cleaning, use @ 1 – 3% dilution

### TECHNICAL DATA:

Appearance:	Clear, pale yellow mobile liquid
pH - Concentrate:	pH 14.0
- 1% solution:	pH 13.5
Specific Gravity:	1.112 @ 20°C
Contains:	Potassium hydroxide

**PACK SIZE:** 25L, 200L, 1000L

### APPROVALS:

**Evo-Chlorgard** complies with AQIS requirements under **Category 1 General Cleaner Type A** for cleaning of food contact surfaces in export registered meat establishments.
